Summary

I am Sivanesh Kumar, a driven and adaptable professional with a strong commitment to continuous learning and excellence. I thrive on challenges and am dedicated to delivering high-quality results. With a positive attitude and a growth mindset, I am poised to make meaningful contributions and achieve significant outcomes.

Education

Bachelor of Commerce with Computer Application

2023 Passed-out

Nallamuthu Gounder Mahalingam College

CPGA - 7.0

2019 - 2020

TMT.Rukmaniammal Higher Secondary School - HSC

2017 - 2018

TMT.Rukmaniammal Higher Secondary School - SSLC

Projects

Weather app : A Simple Weather application built with HTML, CSS, JavaScript. It fetches weather data from an API and displays it to the user. <https://github.com/siva8825/weather-app.git>

Intuit Mailchimp: Developed a responsive and interactive web-page using React js, CSS, Javascript, Bootstrap, featuring dynamic content, smooth navigation, and API integration for real-time updates. <https://github.com/siva8825/intuit-website.git>

ToDo-List : A simple and responsive To-Do List application developed using HTML, CSS, Bootstrap, and JavaScript. This application allows users to manage their tasks efficiently. <https://github.com/siva8825/todo-list.git>

Crud Operation :Developed full-stack applications using the MERN stack (MongoDB, Express.js, React.js, Node.js) to implement robust CRUD operations. Leveraged MongoDB for data management, Express.js for API development, React.js for interactive UIs, and Node.js for efficient server-side logic. Ensured seamless data flow and user experience across applications. <https://github.com/siva8825/crud-.git>

E-Commerce : This landing page is designed to showcase the latest trends and collections in men's clothing. It's built using HTML, Tailwind CSS framework, and JavaScript, ensuring a visually appealing and fully responsive design. <https://github.com/siva8825/ecommerce-project.git>

Portfolio: A Responsive portfolio built with React Js, Tailwin Css, Javascript. And added some animations to make the portfolio so attractive. Deployed using Netlify. <https://github.com/siva8825/siva-portfolio.git>

Technical Skills

Programming Language : JavaScript
